LYOYD GEORGE REFUSES TO MEET IRISH DELEGATES

To Do So on De Valera Terms Would Be to Recognize Independence.

CONFERENCE IS IMPOSSIBLE

By Associated Press.
LONDON, Sept. 17.—Prime Minister Lloyd George, replying today to the communication of Eamonn de Valera, says that to receive the Sinn Féin representatives to the proposed conference of an independent and sovereign state would "constitute formal and official recognition of Ireland's severance from the King's Dominion."

Mr. Lloyd George says that so long as Mr. de Valera insists that the Irish delegates should confer as the representatives of an independent and sovereign state, a conference is impossible. In his reply, Mr. Lloyd George declared it is idle to say that a conference in which the British representatives had to meet the Sinn Féin plenipotentiaries, as the representatives of an independent and sovereign state would be a conference "without pre-conditions."

He requires them as such, the prime minister says, "would constitute formal and official recognition of Ireland's severance from the King's Dominion. It would entitle them to make a treaty with the British empire, and to make no treaty and to break off the conference at any point and negotiate a union of Ireland with a foreign power."

The government is prepared to discuss how the association of Ireland with the British empire could be best conducted, with Irish aspirations, but it could not consent to any abandonment of allegiance to the king upon which the whole fabric of the empire and every constituent in it are based.

While Mr. de Valera insists on claiming that the Irish delegates should confer as representatives of an independent and sovereign state, a conference between them is impossible.

DUBLIN, Sept. 17.—Eamonn de Valera, leader of the Sinn Féin, today declared by the "Freeman's Journal" to make it now evident that the Sinn Féin minister was "too busy" in his conclusion of the Sinn Féin "letter" conveying his invitation to a conference, to be invited to receive the Sinn Féin plenipotentiaries.

LONDON, Sept. 17.—Two boys were wounded during Saturday afternoon disorders in the district here last night. A man who interfered with them received a bayonet wound. Several arrests were made. There was trouble during the night, and the district was in a ferment until 10:30 o'clock.

Salvation Army To Hold Harvest Home Festival

The annual harvest festival of the Salvation Army will be held in the hall Saturday, Sunday and Monday, October 2, 3 and 4. The festival is the old-fashioned harvest home celebration which takes place all over the world. Fruits, vegetables and other farm products will be gathered and the hall suitably decorated.

The Saturday night demonstration will take the form of a musical, Sunday the services will all be in the spirit of the harvest, while the Monday night gathering will be a program given by the children appropriate to the season, and at the close of this service the proceeds gathered in will be put up for auction among those attending the gathering and especially for the benefit of the poor people.

The public will be invited to these special services, the meaning of whose festival being the remembering of the goodness of God in the giving of the beautiful harvest, said Adjutant John Campbell.

Connellsville Men Share In Seven-Million Gasser Drilled Near High House

The third successful well, and the biggest producer, was brought in yesterday morning by the Slicker Oil & Gas company near High House. It is said to be producing almost 7,000,000 cubic feet and is the biggest gusher struck since the days of the old Rider well.

The flow was hit in the Gantz sand, it was reached Friday morning and pressure tests were taken last night. The sound of the gusher "popping off" may be heard for considerable distance.

At the head of the company is M. H. Feinstein, a former local merchant. Local persons interested are J. E. Anglin, general superintendent of the Pacific County Gas company; E. T. Norton, president of the First National bank, and A. J. Daniels.

Recently a well producing several million feet was brought in by the same company, about given up hope of getting gas and were induced to go to the Gantz sand. There the gusher was struck. The first well is producing in the neighborhood of a million feet.

The company still has three more locations on which it will put down wells.

OUTLOOK FOR BOND ISSUES FAVORABLE

Increase in Taxation May Not Be More Than Mill and Half to Carry Them.

Bullskin township citizens, at a meeting at Anker's blacksmith shop, near Pottsville, Friday afternoon enthusiastically endorsed the proposed bond issues of \$2,500,000 for new highways and bridges and an addition to the court-house. There was an informal discussion of the various phases of the bond issues and pledges on the part of the township officers to make a vigorous personal campaign throughout the township to get the voters out for approval of the bond issues.

The matter of taxation, distribution of the new roads and bridges and the necessity for the additional to the court house were discussed at length. In a statement yesterday from the office of the county commissioners, attention was called again to the fact that the increase in taxation due to the adoption of the bond issues at the primaries next Tuesday will not be more than two mills. "In fact," said one of the commissioners, "we have determined pretty definitely that the increased levy will not be more than one and a half mills." A number of state aid roads, already listed as state aid roads, cannot go forward unless the bond issue is approved. The state has already authorized that it spend \$1,000,000 in addition if the county bond issue is approved.

The bond issues are being submitted to the voters of the county following many requests for such an issue and insistent demands for improvement in highways which must be made in the future. The improvement will have to be carried out, if it is necessary to do so by direct taxation, it will require a long time, several years to bring about the improvement proposed as a result of the bond issues. If the bond issues are approved, work will begin early next spring. It is true, that all roads cannot be built next year but many miles of improved highways will be made available next season. The made available if the bond issues are approved, and we believe it will be well arranged to have bids taken during the winter or early spring so that contractors may begin work just as soon as weather conditions are favorable for road construction.

Reports being received at the commissioners' office indicate that sentiment throughout the county is very favorable to all three of the bond issues, which will be voted upon separately. The only real issue involved in the way of opposition, it was stated, is due to mistaken belief estimates of increased tax levy. "The increase in millage will not be over one and a half mills, with two mills at the very most," said Commissioner George W. Hildreth, "and I have gone in to the matter exhaustively and am absolutely certain that these figures are correct."

Another feature of the bond issue, said Mr. Hildreth last evening, "will be the fact that employment will be given hundreds of workmen next year. If the road construction plans can go forward through approval of the bonds."

QUIET PRIMARY ELECTION DRAWS NEAR THE CLOSE

Majority Contest Holds Greatest Interest of Voters In City.

BOND ISSUE IS FAVORED

With the exception of getting out the vote the primary election campaign was quieted today, though there will be some work Monday in preparation for the opening of the polls Tuesday. On the whole it has been the quietest campaign in recent years.

One of the matters to be disposed of by the voters is the question of proposed bond issues for road and bridge improvements and providing adequate accommodations at the county courthouse in Uniontown. Reports received by the county commissioners indicate there will be little, if any, active opposition in the issues and their approval by an overwhelming vote is forecast.

Another matter to come before the voters is the proposal to hold a state constitutional convention. In Connellsville interest centers chiefly in the nomination of candidates for mayor to be voted on at the general election November 8. Grant Dull, Charles C. Mitchell and William Dull are the Republican aspirants, their names appearing on the ballot in Uniontown. Reports received by the county commissioners indicate there will be little, if any, active opposition in the issues and their approval by an overwhelming vote is forecast.

For ward offices the following are in the race: Their names will appear in the ballot in the following order: Besides there are to be nominated candidates for council, controller, school director and ward officers. In the order in which their names will appear on the ballot, are:

Shackleton Off On Two-Year Trip To the Antarctic

By Associated Press.
LONDON, Sept. 17.—The Quest, the small ship on which Sir Ernest Shackleton will explore the uncharted sections of the South Atlantic, the Pacific and the Antarctic seas, left the Thames today on the start of her two-year voyage.

Large crowds gathered on the banks to wish Sir Ernest and his party a successful voyage.

William Smith, Arthur Washington and Walter Satten were released on the payments of forfeits of \$10 each. Knight left a forfeit of \$25. Chief McDonald and Patrolman Barnes and Humbertson conducted the raid.

Voters Must Register Today Or Lose Vote at Elections

Today is the final day for registration of voters in Connellsville for the September primary election on Tuesday of next week and the general election November 8. If you do not have your name placed on the list you will lose your vote in the majority election. All previous registrations are void.

Every person who has not already done so must appear in person before the registrars at the regular voting places before 10 o'clock tonight in order to be entitled to exercise the right of franchise.

Register by party. Only party candidates are to be voted for next Tuesday. If you want to vote for a Republican candidate you must register as a Republican.

Scout Recruiting To Be Stimulated In Connellsville

In furtherance of the plans for increasing the membership of the Boy Scouts in Connellsville meetings of Troops 8 and 10 will be held in the parochial school on Monday evening at 7:30 and 8:30 respectively. Boys of these troops who are 15 years of age and weigh 115 pounds will be eligible at these meetings as to the plans to move for increasing the interest in scout work. Numbers are asked to report in uniform.

The persons in charge of the recruiting movement are appealing to the boys of the city to take membership in some of the troops. "We are," says a statement in behalf of the movement, "going to give the people of Connellsville some big surprises soon. We want your help so that the people may see that we have just as good, if not better, material right here in Connellsville as anywhere else for making good American Scouts."

Any boy desiring further information as to scouting, or wishing to secure membership applications, is urged to call on Charles A. Crowley at the store of Crowley & McCreary, in Crawford avenue.

Body of Private Raleigh Hall Is Received at Home

The body of Private Raleigh B. Hall arrived here last night and was delivered this morning to the home of his parents, Mr. and Mrs. Levi Hall, South Connellsville, by funeral director J. E. Sims. Private Hall was a member of Company M, 32nd Infantry, 80th Division. He enlisted on September 21, 1917, and received his training at Camp Lee, Va. On May 24, 1918, he was killed in action in the Meuse-Argonne drive.

Besides his parents he is survived by the following sisters: Mrs. Dale Hylder, South Connellsville; Mae Charlotte, Wilkes, Elizabeth and a daughter at home.

Funeral services will be held at the family residence at 2 o'clock Monday, with Rev. J. O. Bishop, retiring pastor of the Evangelical church, in charge. Interment will be made in the Hill Grove cemetery, with the American Legion in charge.

Leisenring No. 1 To Resume Mining Of Shipping Coal

The mining of coal for shipment will be resumed at the Leisenring No. 1 mine of the B. C. Frick Coal company on Monday, orders to that effect having been issued yesterday. Except for the mining of coal to operate the boilers no work has been produced at this plant for several months.

No one will be fired, at least, until greater activity has developed at the furnaces of the United States Steel corporation.

STATE CONVENTION OF AMERICAN LEGION TO BE A BIG AFFAIR

20,000 to 25,000 Persons Are Expected to Attend the Gathering.

AUXILIARIES TO MEET

Special to The Courier.
PITTSBURGH, Sept. 17.—Reports received from thousands of posts throughout the state indicate that there will be between 20,000 and 25,000 delegates, alternates and other members of the Legion in attendance at the sessions of the state convention of The American Legion to be held in this city September 22, 23 and 24.

Special trains will bring a large percentage of the legionnaires and thousands of others are coming via French army transportation method—box cars. At least 20 of the posts from counties in Western Pennsylvania will bring their own bands and drum and pipe units which will take part in the parade to be held Saturday, the final day of the meeting.

Concurrent with the sessions of the Legion will be those of the Women's Auxiliary of the Legion. This is the first state meeting of this organization which already has approximately 15,000 members in Pennsylvania alone.

An elaborate program is being arranged by the various auxiliary units in Allegheny county for the entertainment of the visiting delegates. One of the events of the women's unit will be a tea which will be given at the Edgewood club in their honor by the members of the Sewickley Woman's Auxiliary. Dinners, receptions and visits to points of interest around Pittsburgh are also being included in the program.

It is confidently expected that Secretary of Labor Davis will be the principal speaker at the Americanization meeting which will be held in the evening on the opening day, September 22, at the Soldiers' Memorial hall. The Polish Falcons and a number of local patriotic and fraternal societies are arranging to attend in full uniform. The committee in charge is planning for an evening of entertainment in Syria Mosque. This will mark the first public appearance of the new secretary of labor in the Pittsburgh district.

The opening day will be given over to the registration of delegates and to their certification by the state officials. State Commander Davis and State Adjutant Murdock will be present with their staffs to help.

On the night of the opening day the big Americanization meeting will be held in the Soldiers' Memorial hall and it is here that the big public gathering will be staged for the promotion of national state and local officers of the Legion will be on the platform during the addresses by Secretary of Labor Davis and National Commander Emery and others. The bulk of the routine work will be done on the second day and the sessions will last from early morning until late in the afternoon. Friday night will witness the military ball which is free to every member of the Legion. Post will bring their colors with them and every instance will at least send their colors and guard. The parade will be divided into six sections and at the head of each will be the division color. At least 35 bands will be in the line of march.

Thursday night following the meeting at the Soldiers' Memorial hall the "Party and Night," the joyous organization of the Legion, will be held in the ball room of the William Penn hotel.

The Rice Fuel company has completed arrangements this week for placing its Robinson mine at Outcrop in operation on Monday after a prolonged idleness resulting from lack of demand for coal.

The mine will produce at the rate of three car loads per day.

Greater Fair Next Year at Dawson Planned

Already the Cochran are planning for a greater fair at Dawson next year. Last Tuesday the new \$25,000 restaurant and dance hall was formally opened. Present plans will develop into the construction of the largest and most modern outdoor swimming pool in this community. Tentative plans call for a tank 100 feet long and 45 feet wide, with depths graduating from 2 1/2 to 14 feet. It will be located immediately adjacent to the dance hall, and will permit the use of several clean lines in the tank for the purpose of heating the water to the desired temperature. The water for the tank will come from one of the two giant artesian wells which at present supply the entire Dawson community. This assures a constantly changing tank of water at the proper temperature.

A detail of state troopers directed by Sergeant George Freeman of the town detachment, directed by McGough, Harris and Patton of the Pittsburgh police, and Patrolmen J. E. Roulter and James R. Marly, also of Pittsburgh, did excellent traffic patrol and alert duty during the fair. Sheriff Ira F. Shaw and County Detective John J. Russell were frequent visitors during the fair, making inspections of all the attractions. The efficient service by the officers is exemplified by the fact that there was only one theft during the fair. A thief of thieves scooped liquor when they lifted a heavy suitcase owned by a well-known Fayette county, found patent bricks which the Uniontown man promotes in this county.

Another improvement at the Dawson fair grounds is a cattle barn with facilities for 500 head. This building is now under construction and when completed will permit a much more extensive cattle display at the annual fair. The proper indications will be extended to promote a wonderful cattle and stock display at Dawson next year, among these being premiums that will double in the amount of those awarded yesterday.

The seventh annual Fayette county fair became history at 11:30 last night, when Secretary Harry Cochran closed his office. Incidentally, when the office closed all bills incurred by the Dawson Fair association had been paid, this being another established policy of the Cochrans.

It is a source of much satisfaction to sit in the office of the secretary and hear the complimentary remarks by exhibitors, contestants and showmen. The latter, who have had a most successful and profitable business at Dawson. The complete satisfaction expressed by patrons of the fair is future attendance insurance.

Wants Her Sex To Take Vote on Disarmament

By furnishing a national forum in which all American women, irrespective of creed, class, condition or political complexion, can meet and exchange views, the Woman's National Foundation, in the opinion of its first vice-president, Mrs. James McDonald, is going to help inaugurate a new era in the woman movement.

Mrs. McDonald, who lived long abroad, when her husband was opening up new oil territory in England, India, China and Japan, has an international viewpoint on most affairs. This referendum provision, for which she is now being prepared, is included in the general Foundation program, which will have the twofold effect of focusing attention on disarmament and of recording the opinions of Foundation members.

In order that membership in the Foundation may be within the reach of every forward-looking woman in America, the basic fee has been made \$1.00 a year. Those interested in its program, hopes and aspirations, should communicate with either Mrs. McDonald, first vice-president, Woman's National Foundation, Connecticut Avenue, N.W., Washington, D. C.

BAN PLACED ON EXPLETIVE

Some Spanish Priests Forbid Use of Word "Caramba"—Good Story In That Connection.
There is a church in La Guadalupe, Venezuela, where it is said to have been erected upon the people of the parish who profaned their conversation with the word "caramba"—the common oath among all classes of people—or with stronger expressions. The church is therefore called "La Iglesia de la Santisima Caramba."

The word caramba is meaningless, but it is constantly in the mouths of all people, without regard to sex or condition, and is not usually considered reprehensible. But now and then a pious priest will be found who prohibits its use among the sheep and lambs of his flock.

A story is told of three pious friars who were traveling a hot and dusty road one day, driving a donkey which bore their luggage. The least became impatient, and finally lay down in the dirt, much to the damage of their property. One of them, more impulsive than the rest, forgot himself so far as to utter the first syllable of the forbidden expletive, and said, "Car!"

The second exclaimed, "Item!" and the third "Ba!" which completed the unwholesome word, and thus expressed their sentiments jointly without hurrying their souls.—Philadelphia Ledger.

ALLEGED ROBBERS HELD

Annual Meeting of Jubilee Circle of
Methodist Church Held and Officers
Elected; Day Clinic Continues to
Hold Attention of the Mothers.

Special to The Courier.

SCOTSDALE, Sept. 17.—Word was received here yesterday nine mills of the Old Meadow plant of the American Sheet & Tube company would be put in operation Sunday night. It had been reported only five would be started. All day Friday and Thursday afternoon men who had been employed at the plant were going back to see about their positions.

Alleged Robbers Get Hearing.

A hearing was held in the borough building last evening before Justice of the Peace Stephen Rutherford for Joe Perry, John, Charles, and Harry Rodehaver, charged with robbing W. W. Seaman's warehouse in Market street. Attorney Jones of Uniontown represented Bluff, Attorney George Patterson, Uniontown, represented Perry and John, and Attorney Mayer Morris represented Vandel. Rodehaver, Rodehaver was discharged. Perry and John were held under \$2,000 bail and Vandel held for court under \$1,000 bail. Bluff secured bail last evening and Vandel this morning. The stolen goods were produced as evidence. Between 150 and 200 persons attended the hearing.

Annual Meeting of Jubilee Circle.

The Jubilee Circle of the Methodist Episcopal church held its annual meeting at the home of Miss Olive Van Orna last evening, when the election of officers was held. The officers elected are: President, Mrs. Charles Tark; first vice-president, Miss Helen Striker; second vice-president, Mrs. W. A. Beading; corresponding secretary, Miss Edna Rhodes; recording secretary, Mrs. Verna Stroud; treasurer, Elizabeth Lundberg; and secretary, Elizabeth Lundberg. The treasurer reported that \$3.50 had been raised by the society during the past year. It was decided to hold the meetings during the coming year in the church, instead of at the homes of members. Mrs. Beading read a letter from the missionary in France, thanking the society for supplies sent to her station. Mrs. Perry gave a report of a district meeting held at Elizabeth's last week. Following the business session refreshments were served. The social committee for last evening was Miss Olive Van Orna, Miss Lillian Vonder and Misses Matilda and Kate Van Orna.

Infant Buried.

Funeral services were held yesterday morning at St. Joseph's church, Uniontown, for Edward Wodaszuk, two-month-old son of Mr. and Mrs. Stanley Wodaszuk of Evansburg, who died at the family home Thursday afternoon. Burial was made in St. Joseph's cemetery.

Baby Clinic Yesterday.

The baby clinic at the Y. M. C. A. yesterday afternoon was conducted by Mrs. McCall. Of Greenburg. Some very important cases came for attention. Through the efforts of Miss Margaret Flynn, state nurse, the local Child Conservation league was able to have shown at the Avenue theatre Wednesday and Thursday evenings the film, "Child Life," released by the State Health Department.

SHORT BOX COAT FOR FALL

The short box coat bids fair to be a popular style among the younger women this fall, for it accentuates the youthfulness of the figure. Here is shown a model in navy twill with plaited skirt and box coat.

ALL STYLES IN WHITE HATS

Trim Sailor With Ribbon Trimming
Vase With Blossom Decorated
Chapeau That Is Larger.

With the great vogue for all white it is natural this should be popular for fall hats, and they are with us from the trim sailor with ribbon trimming to the blossom-trimmed hat of larger proportions. The fullness and drapery of a plain white felt is more apt to be relieved, however, by a large vase flower, a round lily, or gardenia, by silk fringe arranged in some novel cascade or enchaînement. The flower trimming is strong on all fets, and unusual flower trimmings at that, lydrangea, dandelion, nasturtiums, wild oats, incense, foliage, and so on. Some felt hats have felt flowers; one, a very soft black felt, has an oval combination of little green velvet apples, pink silk apple blossoms, and green leaves painted upon the felt itself.

But if one hat in ten is white, eight of the others are gray. The gray vogue that is doing so hard has had a startling convalescence in the gray felt hat. It is to be found in those soft little rolled hats, close fitting and demure, that frame the faces of our bobbed-hair sisters, little hats with a curly bunch of waxed blossoms laid on one side, three saucier incrimpled quills thrust through a fold of the felt, or fascinating bunches of coque feathers brushing the wearer's cheek on one or both sides.

Black, brown or dark green, and possibly bright green will be the colors for fets for later wear. The cloche is again a favorite, very broad of brim and rounded of crown. The felt brim is bound with ribbon, and a crease of ribbon with perhaps a small bow encircles the base of the crown. Smart is a Martin Guy shape of black velvet with the under side of the brim lined with cyclamen velvet, a fold of cyclamen velvet twisted about the base of the crown. The new shapes are large rather than small—the broad, slightly drooping brims shading the face thoroughly.

OF INTEREST TO WOMEN

Pastel-colored fabrics and all the shades of red are smart for evening. The French heel has taken on the triangular lines and, like the Cuban heel, is now covered in leather.

Transparent sleeves of a figured fabric are used, in frocks of dark blue, beige or pastel tulle or tulle. Most of the large hats roll up softly at the back, and there is naturally a corresponding tendency to droop slightly at the sides.

Discreet and gold is a color combination which often is seen in smart circles. If a third color note is desired, olive blends well.

A new trimming that takes the place of fur, is of soft silk spikes of brown, and is so like soft, wavy, silny seaweed that it has been given that name. The high collar at the back of the dress is a feature of the latest models, and many of the long lines of the one-piece dresses are accentuated with half-inch stripes of plaid of color or white.

Black stripes in plaid gingham make clever designs and are especially attractive when combined with yellow shades. Vivid green and lavender with black create delightful effects, and there are many dry pin-checks sponsored by fashionable women.

Topics Snow.

Sink one cup of tapioca until soft and then cook until clear. When clear, add the well-beaten yolks of four eggs and sweeten to taste. Cook for three minutes dissolve two tablespoons of gelatin in one-half cup of boiling water and add to one cup of cold water. As soon as it begins to set, beat in with the stiffly beaten whites of four eggs. When sufficiently fluffy, beat to the froth and the juice of three lemons. Pour into a mold or molds and set away to harden.

The Small Envelope Purse.
A small envelope purse is of black and white headed strips worked in diagonal style. The fastening is of bright green enamel.

... cold winter evenings something to look forward to with delight — and the whole year's fuel bill nothing to dread."

Quickly Floods the Home with an Abundant Supply of CLEAN, PURE,
CIRCULATING MOISTENED Warmth—with
Startling Economy in Any Fuel

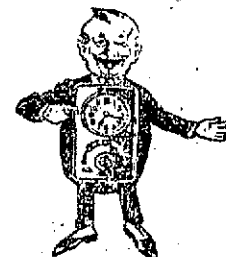

Why You Folks Should
Have a Round Oak
Pipeless Heating System

Because it places within easy reach of most every home-owner the means for reproducing pleasant outdoor summer warmth in one's very own home during bleak cold winter months, or throughout the chilly days of Spring and Fall.

Not only does it do this Nature's most healthful way in circulating and in moistening the warmth, but it pays for itself over and over again in the actual saving of Wood or Coal—compared with ordinary heating methods.

It is the most convenient and simplest to operate and can be installed in the smallest cellar space of old or new houses without the usual alterations or interference with arrangements of furnishings in living rooms. Because it is a safe, sound, paying investment.

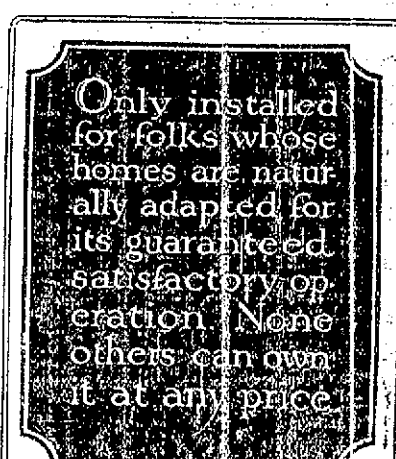

IT IS FREE!

When "Jack Frost" is etching fancy designs on the window panes—then is the time when it's pure joy to dress in a warm room. You can do this every cold morning with your heating system equipped with

The Little Draft-Man
Furnace Regulator

It helps the furnace do its work and makes it unnecessary to stumble down stairs in the cold early morning hours to open up the draft. Set the regulator at night and when you get up in the morning you'll find that the "Little Draft-Man" has been on the job and made the house cozy and warm. During the day the flow of heat is regulated by a simple turn of the regulator in the "off" or "on" direction. Selling for \$15.00 the "Little Draft-Man" is a simple mechanical device. It has no electrical connections or contacts, always works and stays in order. Absolutely guaranteed by the manufacturer for one year it will last a generation or more.

Only installed for folks whose homes are naturally adapted for its guaranteed satisfactory operation. None others can own it at any price.

Make an appointment, without cost or obligation to you, for our representative to examine your place in person.

He will know after a short inspection whether it would likely be acceptable to the Round Oak Engineering Department, and if so, can make a plan to send for their approval.

After our representative knows the condition and requirements, he can then tell you exactly to a penny what the total cost will be—all complete, ready for use and without extra material or labor charges, later.

How to KNOW the Exact Cost for Your Place If It Is Suitable for the Guaranteed Satisfactory Operation of a Round Oak.

Round Oaks are made in several sizes—some large enough to heat an 18-room house—others small enough for a cottage.

Many places must be examined during the next few days. Phone or write for an early appointment.

MOUNT PLEASANT GRIDDER'S COLLAR BONE IS BROKEN

Injury Not Discovered, However, Until Game Has Been Concluded.

MANY HONOR ZUNDELL

Body of Former Commander of Company Lies in State at Armory Which Is Visited by Hundreds; Joseph Ware Injured While at Work; Notes.

Special to The Courier.

MOUNT PLEASANT, Sept. 17.—The high school football team yesterday played a practice game with the Mount Pleasant high, winning with the score 14 to 7 in favor of Mount Pleasant.

In the first quarter Gus Croft was knocked out and Andy Galone was kicked in the head and though he had to go out of the game he was not seriously injured.

At some time during the game Stewart Dillon, who was playing for the Alumnus, was kicked on the shoulder but played the game through and did not discover until the close of the game that he had suffered a fractured collar bone. He was taken to the Memorial hospital, where the fracture was set.

Body Lies in State. The body of Captain James Zundell lies in state at the state armory yesterday and all night, with two guards over the body. The guards changed every four hours. Many floral tributes were received and during the day hundreds of persons viewed the body. The funeral service will be at 2:30 Sunday at the armory.

Joseph Ware, aged 48 years, of Brush Run, was caught and squeezed yesterday while at work here. He was taken to the Memorial hospital where his condition was much improved last evening.

Services at Baptist Church. On next Sunday there will be services at the First Baptist church both morning and evening. The morning subject will be "Jesus at Cana" and in the evening Rev. J. A. Erbe will be in the pulpit. The series of sermons promises to be very popular. To begin Rev. Erbe will talk "Are the Ten Commandments still in force?" as related to the present day world.

For Sale. Six room house, newly painted, on improved road, Bridgeport, for \$1200. 7 room frame house, Bridgeport, lot 100x150, for \$1200. E. F. DeWitt, Real Estate, 229 S. Centre, Pa. Advertisement.—15-21.

Church of God Services. The Mount Pleasant Church of God with Sylvester Palmer, minister, will have preaching Sunday morning at 10:30 and in the evening at 7:30. The morning subject will be "Law Enforcement." Sunday school and Christian Endeavor will be as usual. The annual congregational meeting will be held Wednesday evening, September 21.

Farmers Urged To Cull Flocks Of Poor Layers

Realizing the importance of culling the poultry flock, County Farm Agent Runberger has secured the services of L. W. Steadman, poultry specialist from the Pennsylvania State college, to conduct a campaign to have poultry keepers sell the poor, low-producing hens and keep only the hens that will return a profit.

During the week of September 28-32 demonstrations will be given. Everyone attending will be given an opportunity to handle the birds and thus get actual experience in culling poultry. In handling the birds, the results are obtained when the farmers actually handle the birds under the direction of the poultry specialist. All those attending the meetings should come prepared to handle the birds. Everyone attending these demonstrations are given the privilege of picking from their own flock what they call their best and poorest hens and bring them along for comment.

So far this summer the poultry specialists of the extension department have conducted over 400 culling demonstrations. More than 10,000 people have attended these meetings held on farms and poultry plants in almost every county in the state.

On 75 per cent of the farms visited, underfed poultry was found with egg production very low. Where the birds were properly fed production was well over 50 per cent.

Balanced rations for hens is a very important point in production. The ration must contain about 10 per cent of other meal scraps or tankage. If a flock of hens eat 10 pounds of mash and grain a day one pound should be meat scraps or tankage. This is a most easily accomplished matter by feeding a mash containing 20 per cent meat scraps and making the hens consume equal parts by weight of scratch grain and mash.

No Substitute Offered.

Say what you will about drugs being offered something "just as good" because it pays a better profit, the fact still stands that 99 out of 100 druggists recommend Chamberlain's Colic, Diarrhoea Remedy, when the best medicine for diarrhoea is asked for and so because they know from what their customers say of it, that it can be depended upon.

FAYETTE BOY GOES GAMELY TO GALLOWES

Holding his head high, John William Carroll, Fairchance World War veteran, faced the gallows at Union City, Mo., last Monday morning as courageously as he had faced death while serving his country in France. As he left his father he said, "Don't worry Dad, I'll die like a man." His father and mother were with him for an hour and a half before the execution but did not witness it. Immediately following the execution they took charge of the body and started for Uniontown arriving there this morning on the early morning train. Funeral services will be held at the home of the parents at Fairchance Sunday afternoon.

Carroll's friends made a desperate effort to save his life. Through the efforts of The American Legion and other influences the execution set for August 12 was stayed until further examination could be made. In the meantime Congressman Robertson from Oklahoma, Congressman S. A. Kendell, Senator William E. Crow and Governor William E. Sprout interested themselves in the case to secure commutation of sentence. His accomplice was executed August 12 last the day originally set for Carroll's execution.

UNION, Mo., Sept. 12.—John William Carroll was hanged here today for complicity in the murder of Benjamin Schowe, a resident of Franklin county, on November 20.

For months in 1917 and 1918 Carroll faced death with a smile. In the trenches in France, he walked through the Valley of the Shadow and was wounded in battle in the Argonne, but fate intended that he should return safely home.

So today, in the law made by man claimed a life for a life, Carroll did not falter. In the shadow of the gallows, he had told his father, "Don't worry Dad, I'll die like a man." He made good the promise, although the strain of written and oral statements weakened him so much that, according to physicians, he would have collapsed if the ordeal had been prolonged a few minutes.

Sheriff Louis H. Gehlert gave the signal for Deputy Sheriff August Lindner to spring the trap at 9:27 A. M., and Carroll was pronounced dead 14 minutes later.

Smithfield. SMITHFIELD, Sept. 17.—A corn and wheat roast was held at the home of Mr. and Mrs. F. G. Gant on Wednesday evening. About 25 guests were present. Games were played until a late hour when all departed for their homes. All report a very enjoyable evening.

Finland's Climate Healthful.

The climate of Finland is rigorous but healthful, marked by long winters and short, hot summers. It lies within the zone of cyclones and anticyclones, which pass over northern Europe from west to east at intervals of two or three days throughout the year, and give variability to the winds and weather. The mean annual temperature varies between the southern and the northern boundary from 40 to 30 degrees Fahrenheit, ranging from 20 to 8 degrees Fahrenheit in January, and from 64 to 62 degrees Fahrenheit in July. The extreme range of temperature is about 110 to 115 degrees Fahrenheit.

The prevailing winds in winter are from the south and southwest and in summer from the north, northwest and west. The amount of rainfall varies from 19 inches in the northern part to 25 inches in the southern part, being greatest during August.

Mrs. E. Pinkham Tells How Lydia E. Pinkham's Vegetable Compound Kept Her in Health

Overlook, O.—"Lydia E. Pinkham's Vegetable Compound helped me both before and after my baby was born. I suffered with backache, headache, was generally run down and weak. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers and decided to try it. Now I feel fine, take care of my two boys and do my own work."

I recommend your medicine to anyone who is ailing. You may publish my testimonial from think it will help others. Mrs. CARBIE WILLIAMS, Overlook, Ohio. For more than forty years Lydia E. Pinkham's Vegetable Compound has been restoring women to health who suffered from irregularities, displacements, backaches, headaches, bearing-down pains, nervousness, etc. The blood. Today there is hardly a town or hamlet in the United States wherein some woman does not reside who has been made well by it. That is why Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for such ailments.

At the Theatres

THE SOINSON.

"UNSEEN FORCES."—Additional large houses at the Soinson Theatre, yesterday saw "Unseen Forces." This picture is being shown again today. There is also a comedy, "Mistake the Grade," will be Monday's picture.

THE PARAMOUNT.

"MORAL PIRATE."—Walter Campbell, who directed Constance Griffith in "Moral Pirate," being shown today, always, believes in doing the business he expects of a player, before allowing the actor to assume the role. In this production, Constance Griffith assumes the role of a young girl 14 years of age. She comes under a table, climbs fences and does many other things expected of a child. In trying to show the star just how she should climb under the table, Director Campbell stooped too far and dipped his trousers in the dirt. This day was exceptionally hot and there was much to do so that the director was unable to change his clothes. He was forced therefore to work the rest of the day in a heavy winter coat which he happened to have on the day of "Moral Pirate" and he was the object of jest from both mechanical force and players. He said that escape had cured him of a desire to do all business before he allowed an actor to assume the role.

THE ORPHEUM.

"HIS GREATEST SACRIFICE."—William Fox stirred the audience deeply yesterday, when he appeared in his latest William Fox production, "His Greatest Sacrifice," based on the life of a wife who separates herself from her husband and her child in the hope of winning happiness from public applause in the opera world. At the time of this separation the husband has just begun to climb the ladder of success as a writer. The wife has a fine voice, and she leaves her home because she is fearful that domestic life will interfere with her career. A wealthy and influential man tells her that her career means everything to her. She believes him. She believes him—but in the end is forced to give way to younger women. Then mother-love, which she had tried to crush, comes back and she seeks consolation from her husband and her daughter—only to find that what she discarded so calmly cannot be grasped at will again. There are many intensely dramatic moments in this picture, moments when Mr. Foxman's stars yearn whole being by his fine acting. It is a picture in which there are no dull moments. It is satisfying.

Barry Makes Statement On Boxing Match

As an aftermath of the wonderful boxing show held Thursday evening at Skyles hall, there are, as usual, some exceptions taken by the opposing factions.

In this instance Duke Barry, who handles Johnny Pollock, takes exception to the statement that Frankie Welty scored a knockout over Pollock. "When Pollock was down taking the count in the last round," states Barry, "the referee should have awarded the verdict to Welty on a foul, as I committed a foul by entering the ring. There was no towel thrown into the ring as an admission of defeat. When the referee's hand enters the ring, the hand of a boxer in progress he ends the bout, as he commits a foul. And as this is what happened, Welty can only claim a victory over Pollock on a foul decision. Furthermore, Pollock won the bout at the end of the eighth round, when Welty deliberately hit him after the bell had sounded."

As the fight was one of the best ever staged here, it would be well to remember the boys. Barry states he is ready to match Pollock with Welty, as a winner takes all basis, as he is confident Johnny is Welty's master any time they meet.

The form shown by Billy Carter against Young Nixon convinced Barry that Carter was a definite contender for the Calcutta title. "Nothing would please me better than to have Donnelly contest me," says Barry. "I will give the boxer 50 per cent of the gross receipts, and as Carter's manager, I will let the full 50 per cent go to the winner. We don't want a 'cut.' There will not be any dispute as to the winner, for Carter will stop Donnelly, and do it decisively."

Much credit is due Leon Ehrman, manager of the Pacific Athletic club, for the manner in which the bouts were conducted. Although Ehrman lost heavily on the card arranged, he went through with it and gave the fans what he advertised he would do.

The same high standard of bouts will feature all the club's shows during the season. Thursday night's program was only a prelude to what the fans can expect.

Uniforms for Tornado Football Players Received

The Tornado football team is going into shape after a week of hard practice under the direction of Coach "Casey" Jones. Competition for a place is keen and the enthusiasm shown by the candidates is indicative of a successful season.

The uniforms have been received and were distributed Tuesday. A stiff scrimmage, the first under the direction of the coach was held Tuesday.

Two complete first-class backfields have been formed, and either may be used with equal effectiveness. The hardest proposition facing the coach at this time is his line, and he is giving considerable attention to it.

The first game at home will be with a Sutersville team on Wednesday, October 12. The Tornadoes open the season away from home, going to Mount Pleasant on October 17, where the Company B team will be met on the army grounds.

The uniform fund is still lacking about \$100 and the management is hoping to collect sufficient to cover it before the final payment is due.

For J. W. Commissioner, Homer F. Moser of Conneltsville, candidate at Republican Primaries, respectfully solicits your support.—Advertisement—16-31.

Results in Final Afternoon Races At Dawson Fair

Another big crowd attended the spirited races which featured at the final day of the Dawson fair yesterday. All the events were closely contested, although Lady Tennant in the third race, breeched in a winner in two of her heats. Kittle Meekin paced the second heat of the second race, a 2:22 class event, in the fast time of 2:19 1/2.

The initial split of the fair happened in the first heat of the 2:22 pace when Drivers Mager and Walters collided in the back turn. Walters was dumped but came up with a few minor bruises. His sulky was partially wrecked while his horse, Robert D., pulled up driverless.

The results:
First race, 2:11 pace; (Best 3 in 5), purse, \$400.
W. C. Ziegenheim (E. S. Fry) 1 2 1 1
Pat Worthy (H. Fry) 2 1 2 2

Sporting Squibs of All Kinds

University of Michigan now charges students \$6 for athletic tax.

Richard C. Harlow of Penn State is to be football and basketball coach at Lehigh University.

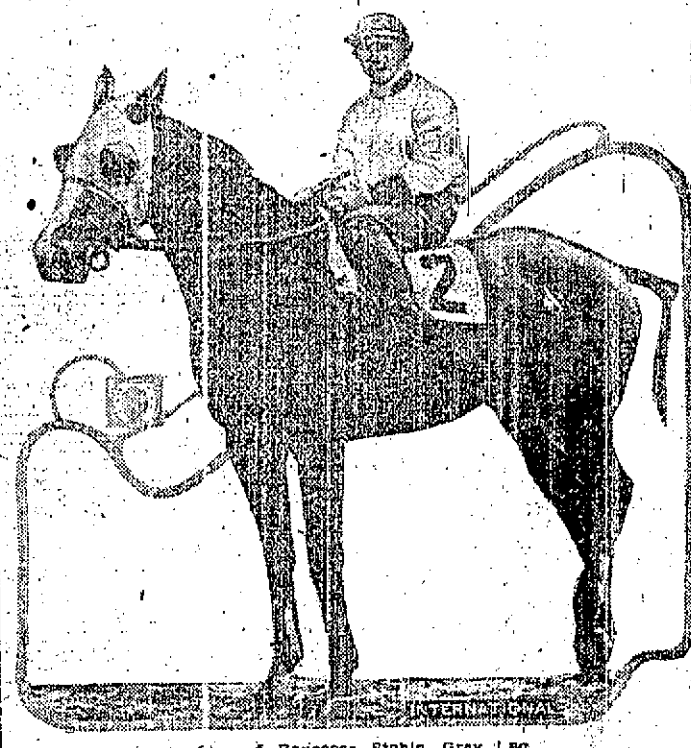

Jacob Berstein of New York won the New York state chess championship with 9 1/2 points.

W. H. Trevelger of Detroit won the Canadian open golf championship, with a score of 229 for the 72 holes.

Cleveland won the annual intercollegiate tennis championship, defeating Toledo in five of the six single matches.

Georges Carpentier is picked as winner over Tom Gibbons in the Gibbons-Carpentier bout, to be held in New York by Jack Dempsey.

GREY LAG IS NOW UNDISPUTED LEADER OF THREE-YEAR-OLDS

Star of Rancocas Stable, Grey Lag.

The continued success of the Rancocas Stable's Grey Lag, which is now the undisputed leader of the three-year-old division, has given rise to the question of just how good the son of Star Shoot really is. The colt has triumphed against horses of mature years as well as those of his own age, and is being favorably compared with the three-year-old champions of other seasons.

Horse of Great Merit.
Grey Lag has achieved enough so far to establish him as a race-horse of great merit. He has proved his ability to race over a distance of ground and to carry weight. His trainer, Sam C. Hildreth, regards him as one of the best horses he has ever trained, and he has trained some noted turf stars. Hildreth is confident that he could have won the Kentucky Derby with Grey Lag had the colt not gone lame. But so far Grey Lag is a better horse than was Purchase as a three-year-old.

Lacks Man O' War's Speed.
It is doubtful if the most enthusiastic supporters of Grey Lag will admit that he compares with Man O' War.

Football Season Opened By High Team Here Today
Today marks the opening of the Conneltsville high school football season. Norman High, a superb contender in all branches of high school athletics, will be here for the initial contest.

Coach Wink will probably not announce the lineup until the time for the game to begin. That Captain O'Donnell will be at center is a certainty, and there are probably a few other positions which could be accurately guessed, but the majority are speculative.

Punt, will be surprised when the Colkers go on the field. It has been impossible to secure the orange and black jerseys, the sporting goods company not having any in stock. As new jerseys are badly needed by the players eleven gray ones were purchased and will be used until the others are received.

Ford THE UNIVERSAL CAR Announcement

Mr. Edsel B. Ford, president of the Ford Motor Company, makes the following announcement:
"We are making another reduction in the prices of Ford cars and the Ford truck, effective today. The new prices average \$79.00 under former prices, and are the lowest at which Ford cars and trucks have ever been sold. List prices, F. O. B. Detroit, are now as follows:

	New Price	Old Price	Amount of Reduction
Chassis	\$235	\$315	\$ 80
Runabout	\$225	\$305	\$ 80
Touring Car	\$355	\$435	\$ 80
Truck	\$415	\$495	\$ 80
Coupe	\$525	\$605	\$ 80
Sedan	\$600	\$680	\$ 80

"This is the third price cut during the past twelve months. On September 22, 1920, the price of the Ford touring car was reduced from \$575 to \$440; June 7th to \$415, and now to \$355, making total reductions in this type of \$220, or 38 percent. The same proportionate reductions have been made in all other types. One year ago the price of the Ford sedan was \$975; today it lists at \$680 with the same equipment.

"We are taking advantage of every known economy in the manufacture of our products in order that we may give them to the public at the lowest possible price, and by doing that, we feel that we are doing the one big thing that will help this country into more prosperous times. People are interested in prices, and are buying when prices are right.

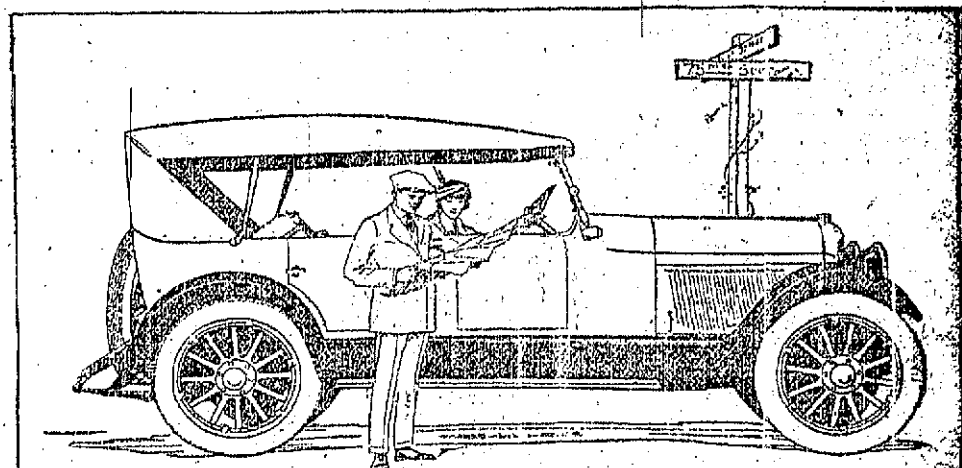

"The production of Ford cars and trucks for August again broke all previous high records with the total reaching 117,896. This is the fourth consecutive month in which our output has gone over the hundred thousand mark. The total for the four months being 463,074, which has gone a long way in making possible the present reductions. June this year, with an output of 117,247 was the previous record month.

"One noteworthy feature of our sales is the increased demand for Ford trucks and cars for salesmen. This class of commercial business has been gradually increasing the past sixty days and we interpret it as a very good sign of improvement in general business.

"No reduction has been made in the price of the Fordson Tractor, and none is contemplated."

Go over these new prices. See how little it costs to become the owner of a Ford car or a Ford truck. Can you really afford to do without one any longer? Let us tell you more about it, and advise you regarding the delivery of the particular type of car in which you are interested.

PAIGE

The Most Beautiful Car in America

At the New Price Where Can You Match Glenbrook Quality?

Just a short while back the Paige five-passenger touring car, Glenbrook 6-44 model, sold for \$1925.

Today, because the price is based on the prevailing costs of the readjusted materials market and the low manufacturing overhead due to our immense facilities, the list price of the Glenbrook is only \$1835.

Surely if a genuine buying opportunity ever knocked at any man's door, the Paige Glenbrook is that very opportunity waiting on your threshold.

Not only is the initial cost absurdly low for such a remarkably fine car, but the Glenbrook is a true economist. Its sturdiness is the despair of the repair man. In the hands of thousands of owners it has shown amazingly satisfactory tire and gasoline mileage.

A pure quality product, the Glenbrook has demonstrated its supreme fitness the country over. New from stem to stern there can be no sudden or unwarranted depreciation. Unquestionably it is the best and safest investment in the light six market today.
